

# Baby Diary

The first year of life for children is full of constant development and changes – babies do new things every single day. Realizing this, I decided to make a diary for each of my kids about their first year. I would write in it from time to time to summarize all of their many changes, hoping some day they'll enjoy reading them. I was writing in my son's Baby Diary the other day when it occurred to me that I should share it on my blog; especially since he's been very crabby lately and it's been really difficult for me to write blog posts with him in my arms. He was born on July 11, 2008.

## Christopher's Diary:

7/16/08 – went to dr. checkup for your slight jaundice. dr. said everything looked good and you weigh 7 lbs. 11 oz.

7/17/08 – Actually, since it was the 12:01 showing, it's actually the 18th... but your first movie in the theater was the Dark Knight. You barely stirred and did drink a bottle during the movie. You didn't make a peep.

7/19/08 – You attended your first stage play, the Music Man. You were very good, except you pooped early in the show and were crabby and had to be taken out, but only for a few mins. so you could get your diaper changed

7/20/08 – umbilical cord stump falls off – you are 9 days old.

8/11/08 – You had your one month check-up today! Everything looks good; you weigh 9 lbs. 14 oz. and are 22 in. long. Your head circumference is 38.3 cm. You didn't cry at all while getting weighed and measured.

8/13/08 – You smiled at Mommy!

9/3/08 – In the past week, you've started "talking" back to me! You smile really big when I smile at you and give you a big HI, and you smile at me every time you see me when you wake up. When you were born, you could hardly see any lashes, but now your eyelashes are getting long and beautiful! Your eyes are still a bright beautiful blue!

9/5/08 – You laughed for the first time – long and loud. And it was during Daddy's funny play, The Nerd. You laughed at the part where they're playing the 'I'm going on a trip' game. I don't know if you heard the other people laughing or it was just a coincidence, but it was SO cute!

9/12/08 – Today you had your 2 month dr appt. You are 12 lbs 9 oz and 23.25 inches long. Your head circumference is 44.5 cm. You fussed a little as they were examining you, but you didn't cry. The dr said you have dry skin and we have to watch your ears to make sure formula isn't going in there.

9/22/08 – For about a week now, you seem to recognize your bottle. You'll get extra excited when you see it and open your mouth. Your big sister Disney calls you "Beeber". Your big sister Sammie loves to hold you and is always asking questions about newborn babies. She calls them "born" babies.

10/16/08 – You are 3 months old, and you are starting to play with toys. The other day I saw you "discovering" your hands, and ever since you've been grabbing things. You know how to put your fist in your mouth. You're still spitting up a lot. Not as much at a time as Disney did when she was a baby, but many times throughout the day.

11/5/08 – You've been playing with toys for awhile now; you can grab things and you try to draw them into your mouth. You love making g sounds – ga, goo, ggg. You are still a very happy little guy and smile at everyone, making their days!

12/4/08 – Time flies and you are almost 5 months old! Disney used to call you Beeber, and the name stuck, so we call you that sometimes. Disney now calls you Kipper. You've had some crabby days, but most of the time, you're still very smiley. You've been experimenting with vocalizations and you LOVE to stand! You do not bend at the waist! We tried the tot wheels (walker) for the first time the other day, and you like it for short periods of time since you just hang in there – your feet don't touch the floor yet. Most of the time, you're pretty good about sleeping at night, usually waking up only once. But you also have bad nights where you won't let Daddy sleep! You like baths, and you're really starting to like toys. You

play with the busybox on your crib, and try to eat EVERYTHING! You might be teething because you try to gnaw on everything. You've been trying cereal and if your gums seem really sore, Mommy and Daddy have been giving you a treat – a dab of peanut butter on your pacifier. You LOVE it! You found your feet a few weeks ago, and you were trying to get your toes in your mouth. We are excited to take you to see Santa pretty soon!
