

Browser wars...

I've always tried out new (free) browsers as they are released since the inception of a browser as a program. I remember the first Mosaic browser. Quite a change from text based newsgroups and bulliten boards. Text and pictures all at once.

Currently I'm using Windows XP and have Internet Explorer, Firefox and Chrome loaded to run. Most of the time I use Chrome, because it is just a bit faster to load. Firefox follows closely as to what I use most. I have Explorer just in case something doesn't work on the other two browsers.

So of course this lends itself to another poll...
