

The NFL Playoffs are Here – Whoopie!

Anyone who knows me knows that I am a huge fan of NFL football. And my team – the [Chicago Bears](#).

My Bears did not make the playoffs. No, they blew it by losing to the Houston Texans on week 17 – the last weekend of the NFL season. Instead, the Vikings won the NFC North and the Eagles magically stole the final wildcard spot by embarrassing the Dallas Cowboys 44-6.

However, even with the Bears out of the playoffs I am still excited about the postseason. Unlike other popular sports which hold tournament-style elimination series, in the NFL it is lose-and-you're-out. To win the Superbowl you have to have a PERFECT postseason record. So the question now is, who will do it?

In the AFC you have the:

Colts – They started off slow but have been on fire since late October.

Chargers – They're in the playoffs without a winning record (8-8)!

Ravens – Inconsistent and lack luster.

Dolphins – Had only ONE win last year – this year in the playoffs!

Titans – Their best season ever. They want to win this for Tennessee.

Steelers – Looking strong and Ben is ok.

In the NFC you have the:

Vikings – It is just hard to take this team too seriously.

Giants – Last year they won the big game. They are favored to repeat the feat.

Eagles – Needed help to get in – and they got it big time.

Panthers – They have been winning all year. Solid all-around team.

Cardinals – The Arizona Cardinals? In the playoffs? The CARDINALS?

Falcons – This team was expected to be bad. They are in fact quite good!

This weeks games are:

the Dolphins VS. the Ravens – I PICK THE DOLPHINS BY 2 POINTS

the Colts VS. the Chargers – I SAY IT'S THE COLTS BY 10

the Eagles VS. the Vikings – I LIKE THE EAGLES BY 3

the Cardinals VS. the Falcons – FALCONS BY 12

So, what are your picks?
