

# Changing the past/future

Yes, I'm watching the [Back to the Future](#) trilogy. Fun little group of movies. But what I want to talk about is time travel and the little word 'if'.

If you could go back and change something, would you? These thoughts have been in and out of my mind for the past 5 or so years. There are times when I would want to go back and try to change things. But I've always had the feeling that things would change for the worse. Kind of like the [Back to the Future II](#). Change one thing and oops there goes everything else. Would it work like that. Most likely.

So knowing I couldn't change anything that would make any changes. What about little things? Sure wish I could at times. Little things like being a better husband, a better son, a better father. What would it take, and what would that change?

Things going through my mind at this time. Changes to make or be made. I guess that is really the question. Every time I think about changing the past, I start thinking about changing the future. things I can change to be better than I was in the past. Worth while investment in time that. Instead of wondering about the what ifs, maybe I should wonder about the what wills. What will I do tomorrow, next week?

Food for thought.
